OUR STORY

It all started in a backyard oven, with a love for authentic Neapolitan pizza and a passion for experimenting. Grace and JD began their pizza journey with simple ingredients, a hot oven, and a shared curiosity. From those first pies, the duo discovered that the complexity of pizzamaking. They explored techniques, flavors, fermentation and styles, from the timeless Neapolitan dough to the hearty, square-edged Detroit-style pizza, and scilienne.

At Brigade Pizza, every dish tells a story. We honor the tradition of handmade, artisan pizza, and we also like to to experiment, and surprise. Our kitchen is a place of warmth, laughter, and collaboration, where every slice reflects our journey, our friendship, and ourlove for food

Walking into Brigade Pizza, you're not just entering a restaurant, you're joining a community. A place where tables are shared, flavors are celebrated, and the spirit of discovery lives in every bite. We're rooted in tradition, but free to explore, and always welcoming you like family.

From our oven to your table, we invite you to share in the journey.
