OUR STORY

It all started in a backyard oven, with a love for authentic Neapolitan pizza and a passion for experimentation. Grace and JD began their pizza journey with simple ingredients, a very hot oven, and a shared curiosity. They explored techniques, flavours, fermentation, and styles, from timeless Neapolitan dough to generous, square Detroit pizza.

At Brigade Pizza, every dish tells a story. We honour the tradition of handmade artisanal pizza, while also loving to experiment and surprise. Our kitchen is a place of warmth, laughter, and collaboration, where every slice reflects our journey, our friendship, and our love of good food.

Thank you for being with us today and for being part of this story.
